BRAVADA

SUSPENSION

TYPE:

PROJECT NAME:

Bravada is an exceptional pendant lamp composed of a single steel sphere and two brass decorative elements placed above it. The entire lamp is powder coated in one of the shades from our diverse color palette. This ensures perfect coverage of the smallest details and extraordinary durability. This new interpretation marks another chapter in the history of one of our most esteemed projects, which no longer requires a special introduction. This time, the brass elements have also undergone the painting process, giving the lamp a cohesive, aesthetic appearance.

Power input: LED 6W

Light emission direction: Diffused

Cable Height:
120cm (47.24")

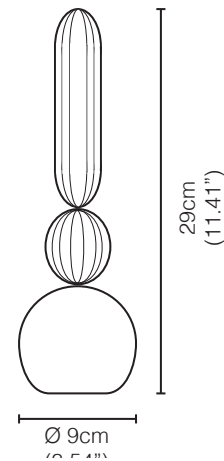

Materials: Hemisphere-shaped ceiling rose made of powder-coated steel

Electrical: High efficiency electronic power supply, rated 50,000 hours 120V-277V

Velvet options: Black, Old Grey, Camel, Oliver Grey, Olvie

Light source: LED
