TELARUS

SUSPENSION

TYPE:

PROJECT NAME:

Telarus is a large, Ø60cm (23.62"), 70cm (27.55") or 96cm (37.79") diameter aluminum lamp completely covered with a layer of suede.

The LED light source (24W, 2700K) is hidden in a sandblasted glass disc-shaped lampshade. Lamp dedicated to the living room or dining room.

Thanks to the large surface covered with suede, the lamp can suppress excessive noise, which is why it has also been used in office spaces.

Velvet options: Black, Olive Grey, Olive, Camel, Cold Grey

Light source: LED
2700K

Dimming: LTE phase dimming or 0-10V

Power input: 24W

Light emission direction: Diffused

Hanging cables:

Cables standard length 120cm (47.24")

Materials: Aluminum lamp, velvet palette

Electrical: High efficiency electronic power supply, rated 50,000 hours 120V-277V
