TRIO

technical data

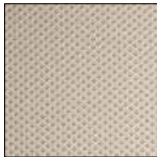

Trio is a collection of lamps with a minimal design, but packed with exclusivity. A sophisticated overlapping game, that generates an harmonious and light drawing of three petals, which has been created thanks to a careful design and formal research. An aesthetic peculiarity enhanced by the use of a hi-tech 3D fabric, with a distinct sensoriality. Available in pendant and wall versions, the Trio lamp collection is suitable for a modern, creative but also sophisticated furnishing, thanks to its wide range of colors. The entire collection uses LED sources.

Frame: aluminum-grey and white metal.
Diffuser: 3D fabric in colors: ivory, orange, grey, red and blue.
Fireproof class 1.IM.

GR: Grey

AV: Ivory

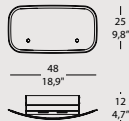

BU: Blue

RE: Red

AR: Orange
