technical data

Current elegance and innovative essence: a collection of lamps inspired by a d'antan style. The exclusive crumpled velvet, with which the three vintage lampshades are coated, renews the style and enriches the lamp of a precious iridescent effect, which makes the shade unique.

Available in stylish colors and in different pendant and wall versions, Vintage adapts elegantly to the classic furnishing, creating, on the contrary, brilliant contrasts with the more modern furniture.

The version with the small pendant lamp is enhanced by an element in blown glass created through the typical Murano processing technique "rigadin".

Frame: chromed metal.

Diffuser: shade in crumpled velvet in: ivory, black, sultan-red, coffee-cream, wisteria, aquamarine and gold.

VINTAGE GLASS SO 1 PAGODA

1 x MAX 53W E26 alo. ENERGY SAVER

or

1 x MAX 20W E26 PL-EL ENERGY SAVING
